'Tis the season for giving! In November of 2024, the TFCU team came together with several community partners in Oklahoma City and Tulsa to distribute free turkeys for holiday meals. Between the two cities, the teams purchased and gave away more than 400 turkeys and spread even more smiles. [NN](#)

*The introductory rate of 3.99% Annual Percentage Rate (APR) on purchases is applicable for 6 months from the date of account opening. After the 6-month introductory period, the rate will adjust to the current variable VISA Platinum APR which is set by your credit rating at the time of account opening and may change at any time. As of October 1, 2024, the Annual Percentage Rate (APR) range for this product is 14.00% to 18.00% for qualified applicants. The maximum APR that can apply is 18.00%. The APR will vary based on movements in the Prime Rate, published in The Wall Street Journal on the 25th calendar day prior to the beginning of the calendar quarter. The new rate will not become effective until after the end of the current billing cycle in which movement of the Prime Rate dictates a change to the APR currently in effect. Balance transfers cannot be used to pay off or pay down any Tinker Federal Credit Union account and do not earn CURewards points. To receive this card, Tinker Federal Credit Union (TFCU) membership is required, which involves opening an initial share (savings) account with a \$5 deposit and qualifying for a VISA Platinum card account. Visit any TFCU branch, contact the Card Center at (405) 732-0324, option 6, or 1-800-456-4828, option 6, for questions or go to TinkerFCU.org for more details.
